COUNTY COMMISSIONERS' REPORT

The County Commissioners, in compliance with the requirements of Chapter 35, Section 26 of the General Laws, (Ter. Ed.) submit the following report:

Thelaw requires that it shall be prepared in such a manner as to give the taxpayers a full and clear understanding of affairs of the County and of the objects and methods of the County Expenditures, and along most lines directs the method of preparation.

The regular and adjourned meetings of the Commissioners are held at the Superior Court House, Taunton, on Tuesday of each week and the fifth day of every month. The Commissioners, in their capacity as Trustees of the Bristol County Tuberculosis Hospital, meet at the Hospital in Attleboro on the second and fourth Tuesdays of each month, after the regular meeting of the Commissioners.

Proceedings and Expenditures

Except as otherwise stated in this report, all expenditures have been for the usual and necessary running expenses of the County, viz.: Maintaining the Courts, Salaries of County Officers, Care of County Buildings, County Hospital, Support of Prisoners and Maintaining the Jail and House of Correction, Clerical Assistance in County Offices, Fuel, Lights, and Water, Highways and Bridges and Law Libraries. For specific details thereof, reference may be had in the Report of the County Treasurer.

County Debt

During the past year twenty-nine thousand dollars was paid on the County Debt as follows:

Fall River & Somerset Bridge,	$6,000.00
New Bedford Registry Building,	3,000.00
Fall River Registry Building,	20,000.00

Temporary Loans

Twelve thousand dollars was borrowed for the Industrial Farm and will be paid during the year 1937.

For the Tuberculosis Hospital, one hundred twenty-five thousand dollars was borrowed; this amount, less the balance on hand, will be refunded by the Cities and Towns in the Hospital District during 1937.

One hundred thousand dollars, the Loan of 1935, was paid from the money received from the Cities and Towns in the year 1936.

A Loan of five hundred thousand dollars was made in Anticipation of Taxes.

County Tax

In compliance with the provisions of law, the commissioners prepared on January 20, 1936, upon forms furnished by the State Director of Accounts their estimates of the Receipts and Expenditures of Bristol County for the year 1936. These estimates were reported by the Director of Accounts to the General Court. By Chapter 350 of the Acts of 1936, the Commissioners were authorized to levy as a county tax for the year 1936, the sum of $502,025.00.

Transfer of Funds

As there were certain expenditures in excess of the appropriation passed by the Legislature, the following Transfer was made from the Reserve Fund. The vote having been passed by the Commissioners and approved by the Director of Accounts.

Salaries of Jailers and support of Prisoners,	$2,684.98
Miscellaneous,	2,215.02
Previous Year's Bills,	100.00
	$5,000.00

Under Chapter 35 of the General Laws, the Treasurer was authorized to pay from any unappropriated funds in the Treasury the overdraft on Criminal Costs in Superior Court. This being an account over which the Commissioners have no control.

Bristol County Agricultural School

REVIEW OF THE YEAR 1936

To the Trustees of Bristol County Agricultural School:

Following the usual custom, I submit a brief summary of outstanding facts, and a review of the work and activities at the school for the year just closed.

The two disastrous fires—the loss of the main school building by lightning May 19, 1936, and damage to the farm house, perhaps through the use of a blow-torch preparatory to painting, July 14, 1936, have made the year a difficult one. Insurance that was paid for losses on the main school building amounting to $87,800.75, but by law reverted to the County treasury, and the reconstruction at the farm house by contract with the insurance companies for which they paid the builders $4,365.49, only served slightly to alleviate the losses.

The heaviest losses were in educational material and facilities that had been gradually acquired over a period of more than twenty years, some of which, for example, the complete collection of New England birds, a gift from Mr. A. Cleveland Bent of Taunton, cannot be replaced.

Yet these disasters and the trying conditions under which the year's work has been carried on as a result of them, have been met as a challenge to our resourcefulness by pupils and staff alike. The work of both school and Extension Service has been carried on. If the morale of the group has at times suffered, it has not broken. Now, with the winter season, when want of a building is most seriously felt, well advanced, and some prospect of beginning new construction admirably suited to the needs of the school, at an early date, the morale of the student-body and of staff is already recovering.

Receipts and expenditures on the school account are reported in detail by the County Treasurer in his report. Needless to say the fact that insurance money could not be used for our needs, that improvised classrooms and equipment, including

additional lighting and heating, replacements of office supplies and equipment, of textbooks and reference books and schoolroom supplies, not to mention sanitary accommodations for the school —all without funds except those in the regular maintenance budget, has taxed our ingenuity to the limit; yet we came through the year with the budget balanced, as has been done throughout the years. Only the wholehearted cooperation of pupils and staff and all others concerned has made this possible.

The growth of the service with adult farmers and with rural homemakers has kept pace with this work with Juniors, but does not so readily lend itself to diagramatic statement.

Figures gleamed from the 1936 annual reports of the Extension Agents show:

No. of 4-H Clubs	119
No. enrolled	1418
Total number of farm and home visits made in conducting Extension work	2138
No. of telephone and office calls in connection with this service	1903

The Agricultural Adjustment Administration that many thought "missed fire" in some of its earlier efforts, came through in 1936 with the Soil Conservation program for farmers that is far-reaching and sound in its conception and administration.

The school has played host to this work for Bristol County, giving office accommodations to the Soil Conservation Agent and clerk without charge. But much more; it has taken the leadership in getting this work under way, lending it support in every legitimate way.

This Soil Conservation program for 1936 got under way late in the season, so the total number of farmers participating was only 260, with income from this source of $7075.00 It is estimated that the number of participants the coming year will multiply by three. This set-up to encourage permanent soil fertility is a far-sighted policy and program, right both for the individual farmer and for the nation.

May I append to this brief review of the year the public statement through the press made in support of reconstruction

of a suitable school building at the time a public hearing in regard to it had been called at the County Court House last June.

In conclusion, let me assure you that no one appreciates more than I the fact that the work of the school goes on at its best, can go on at its best, only by reason of your generous and wholehearted support, as well as through the loyal, unstinting service of fellow-workers of the school staff.

Respectfully submitted,

G. H. GILBERT, Director.

Report of the Superintendent

I herewith submit the 18th Annual Report of the Bristol County Tuberculosis Hospital for the year ending December 31, 1936.

A total of 146 patients were treated during the year. Of this number 59 were admitted from 1935 and were in the hospital January 1st, 1936. Eighty-seven patients were admitted during the year. The largest daily census was 67 and the smallest 51. The average was 57. Total number of hospital days of treatment was 20,742.

Of the total number admitted 72 were males and 74 females. Three were under 14 years, 2 female and 1 male. Eighty-six were discharged. Out of this number 6 left against advice, 2 were transferred and 22 died. Number of patients in hospital December 31, 1936 was 60. Ten cases were non-tuberculous and 4 deaths occurred in this group. The number of deaths from tuberculosis was 19.

Additions and Changes

Last summer a tennis court was constructed to provide one means of recreation for employees in the hospital and for older children and councillors at the summer camp.

Approximately one-third of our hospital beds have been on open porches, unprotected from weather other than by wire screening. This situation while it was in keeping with the idea of the open air treatment of tuberculosis was not considered ideal, especially in the winter months and stormy weather when rain and sleet blew in on the beds to the discomfiture of the patients. Last year these porches were glassed in in such a way that windows can easily be thrown wide open in good weather and readily closed in stormy weather. This change was very worth while.

Routine repairs and painting were carried out as usual by our carpenter and painter. Portions of the outside wooden frame building, and several of the rooms in the hospital received a coat of paint. The doctor's residence received two coats of outside painting.

The firemaster control was installed on the low pressure and the high pressure boilers in the boiler room. This control apparatus allows a more efficient burning of the coal and aids in reducing the amount of smoke escaping from the relatively low smoke stack.

Recommendations

We have recommended the discarding of the old type of wooden box refrigerator which was originally constructed for ice refrigeration and replacement of same by a modern refrigeration box of equal capacity, preferably of the Seeger type. We have also recommended that the old foot press in the laundry be discarded for a modern electric or air compressor type of press. It is our hope that in the near future we may be able to secure a moving-picture projector suitable for showing moving pictures once or twice a week to the patients.

Farm

The main activity of the farm has been the dairy, and the farm has supplied on the average of 175 quarts of milk daily to the hospital and approximately 60 dozen eggs per week.

There was raised on the farm 75 tons of hay and 65 tons of corn, also a quantity of vegetables (beets, lettuce, tomatoes, and cucumbers) which were used on the hospital menus on several occasions in the season.

Estimated value of stock and feed on hand at end of year $4,296.25.

ICE: 600 tons of ice were cut from the pond and stored.

Cost

Excluding cost of school clinics and receipts for farm produce sold, the maintenance cost of operating the hospital for the year ending 1936 was $130,295.85. This divided by the number of days treatment gives a per capita cost of $5.49.

Health Camp

The health camp was open for the months of July and August. Fifty children attended the first month and fifty children the second month, making a total of 100 children attending for the season. There was an average gain in weight of over 10 pounds. The camp was under the direction of Mrs. Mary Putnum. The usual routine supervised camp program, including correctional exercises, was carried out. The children at time of leaving camp appeared much improved in health. They will be supervised throughout the year.

Acknowledgments

We wish to extend our thanks to the many organizations which provide entertainment for the patients during the year and to those who sent flowers, fruit, books, magazines and clothing for the patients. The E. R. A. band, under the direction of Mr. Weygand of Taunton, rendered weekly concerts during the year which were greatly appreciated. On behalf of all we extend our gratitude and thanks to the clergy for their faithful attendance to the spiritual needs of the patients.

I wish to express my thanks to heads of departments and all employees for their loyal service. I am indebted to the Trustees for the support and counsel they have continued to give me.

GARNET P. SMITH,
General Superintendent and Res. Physician.
